DUTCHESS
TROUSERS

10¢ a Button; \$1.00 a Rip

Look at the left rear pocket

YOUR eyes tell you when trousers are stylish. You can feel with your hands that the material is right. Try them on and the matter of fit is settled. But how are you going to know whether they are made to give real wear?

ANSWER: Pick out a pair of Dutchess Trousers. Look inside of them on the left rear pocket. Sewn there you will find a warranty label guaranteeing the payment of

"10c a Button; \$1.00 a Rip"

This means just what it says—no argument, no "red tape." We pay you if buttons come off. We pay you for a rip or give you a new pair of trousers.

Fair enough? For more than a generation the manufacturers of Dutchess Trousers have stood back of this famous warranty.

Dutchess Trousers have to be right in wear and they are just as right in style, in materials, in price—the kind of garments that are four-square with our policy of providing the men of this vicinity with clothes that satisfy.

You will find here just the trousers you want for dress, for work, for play—and be sure to look at the left rear pocket.

NO JOKE FOR PUBLISHER

Getting out a paper is no joke. If we print jokes, folks say we are silly.

If we don't, they say we are too serious. If we publish things from other papers, we are too lazy to write.

If we stay on the job, we ought to be out rustling news.

If we are rustling for news, we are not attending to business in our own department.

If we don't print contributions, we don't show proper appreciation.

If we don't print them, the paper is filled with junk.

Like a not some fellow will say we swiped this from an exchange.

That is just what we did.

ARE YOU Ashamed You Live In NORWAY?

When you travel you don't register from New York City—do you?

No Siree—you take the hotel pen and proudly write down Norway, Me., and even in the smoking compartment it's the greatest little town in the world."

But—let's take a peep into your coat pocket and see if it's a Norway label—

Surely if Norway is worth bragging about when you are away, it must be something more than just a place in which to sleep and eat.

Norway clothiers can give you today and any day as fashionable, as fitting and as economical a clothing service as any two cities that have a city hall—and since you are living here—prospering here and making your money and your friends here—is it any more than right that you should make your clothing purchases here?

P. H. S. 60; Town Team 42
The curtain was rung down on basketball at the high school gym, Friday evening, in an exhibition for the benefit of Paris High School Athletic Association. The high school outfit cleaned up with a score of 60-42.

Putting on the soft pedal after a victorious march under professional rules was too much for the Town quintet. The swiftly moving students glided about the floor and featured a passing game of merit while the heavy Towners worked under a check rein to escape penalties attached to amateur rules.

Both teams were friendly with the basket with an expression of admiration about equal during the first half. In the second stanza the high school bunch outpointed the Towners in a show of affection for the net on a 3 to 1 basis. The last period was a Christmas tree for the high school with 20 points distributed from its branches and but 6 for the town boys. Eugene led his team at the ring during the first half while McGinley and Plummer heaved in regular order during the last division.

Carl Fuller led the Town squad with 8 ringers, many were dumped on long shots. MacDonald chased 5 into the hoop during the first half but was reduced in ranking and landed only one from the floor and a single on the foul line in the second half. French, Farnham and Edmunds whacked about even at the basket and put up good floor work. The summary:

KARNAK SAVED HIS LIFE DECLARES AUGUSTA MAN

Almost A Physical Wreck,
O. F. Reynolds Gains 16
Pounds And Is Now The
Picture Of Health

Remarkable, indeed, is the statement of Mr. Orrin R. Reynolds, 6 Spruce St., Augusta, Me., who states that Karnak has not only overcome troubles of six years' standing but has actually built him up sixteen pounds in weight. "I believe Karnak actually saved my life," says Mr. Reynolds. "I suffered from one of the worst cases of stomach trouble a man could have. I couldn't retain even the lightest kind of food on my stomach, and gas would press around my heart until it seemed like it would stop beating. Stomach cramps and pains were just terrible, I had awful headaches and weak dizzy spells, and felt so exhausted it was all I could do to drag myself home from work. I fell off in weight until my friends were talking about it, and although I dieted and spent large sums of money for medicines and treatments I kept getting worse and thought my time was drawing near."

"A friend advised me to get Karnak, and I thank him every time I see him now for putting me on to this remarkable new medicine. My stomach is just as tough as nails now, and doesn't give me a particle of trouble. It just seems as if I can't eat enough, and I have gone up from one hundred and forty to one hundred and fifty-six pounds in weight. I don't have a trouble of any kind and come in from work these days whistling and feeling fine. Just tell anybody who wants to know about Karnak to look me up."

Karnak is sold in Norway exclusively by Frank P. Stone; and by the leading druggist in every town.
